Duration: 3.00 Hrs Price: \$135.00

OVERVIEW

Gaze into the crater of a still-active volcano and experience the green sulfuric waters of a thermal spring on this fascinating tour. Board a caique, a traditional fishing boat, and sail to the lava rock islet of Nea Kameni, where you'll take an approximately 20-minute walk up an unpaved path among lava fragments and volcanic rock formations toward the crater of a still-active volcano. sometimes reach 98 degrees Fahrenheit. Marvel at nature's awesome power and resilience in these glorious volcanic sites.

Date: Oct 01, 2025 Time: 09:30 AM
Duration: 4.00 Hrs Price: \$199.00

OVERVIEW

View Santorini from two vastly different perspectives – while cruising the caldera and by walking through the enchanting village of Oia. Built on the precipitous slope of the caldera, Oia is extraordinarily photogenic and the views from most everywhere are truly breathtaking. The architecture is pure Cycladic, a minimalistic style that features white-washed cube houses and blue-domed churches. Free time in Oia allows you to browse

the shops before continuing on to Athinios, where your boat experience will begin. You will cruise through the caldera's island-dotted waters. Few views can rival looking up at the barren rocky cliffs from the water with Fira blanketing the top, if the water conditions do not permit us to cruise as an alternative, you may relax on a beach that offers its own unique perspective of Santorini.

HIGHLIGHTS

- Behold the beauty of Santorini while traveling between the villages of Oia.
- Browse the classic white-washed village of Oia, which perches above Santorini's caldera.
- Enjoy a unique perspective of Santorini while cruising the caldera or relaxing on a beach, if the water conditions do not permit us to cruise.

JTR-016 HOW IT'S BUILT SANTORINI & AKROTIRI ARCHAEOLOGICAL SITE

Date: Oct 01, 2025 Time: 10:00 AM
Duration: 5.00 Hrs Price: \$159.00

OVERVIEW

Recognize how Santorini's architecture has evolved through the centuries by visiting cities that were built during different time periods. At Akrotiri – the so-called Pompeii of the Bronze Age – you will see the archaeological remains of homes with colorful frescoes and streets lined with commercial buildings that reveal urban life in the Minoan period. Volcanic ash from a second millennium B.C. eruption preserved the buildings. Another historical perspective awaits you in the village of Pyrgos, where you will see a 13th-century Venetian castle so well-built that it survived a 1956 earthquake that destroyed many of the buildings around it. The 15th-century castle in clifftop Oia didn't survive that earthquake nearly as well, as much of it collapsed into the sea. The village is better known for its Ottoman-influenced winding streets and gorgeous white-washed houses trimmed in blue. The architecture is quintessentially Cycladic and the views of the ancient caldera below are spectacular.

HIGHLIGHTS

- Browse the excavated ruins of a Minoan-era archaeological site in Akrotiri.
- Meander through Pyrgos, a medieval settlement and former capital of Santorini.
- Observe the classic Cycladic architecture in the whitewashed village of Oia.
- Hear about the volcanic eruptions that have shaped Santorini, especially the one in 1956.
